Through Sleeping and Chair Car service, Missouri Pacific's 2-2-2 p. m. train, Wichita to St. Louis.

RETURNS FROM COUNTIES

Cole Prepares Statement of Tax Levies of State.

Topeka, Kan., Jan. 8.—Auditor of State George E. Cole has prepared a statement showing the tax levies made by the State Board of Equalization upon the various counties and the taxes made by the various boards of county commissioners to meet the demands of the state. The statement follows:

Increase over state levy, \$9,072.31

Total taxes levied by counties, \$1,007,231.31

Increases over state levy, \$2,239.43

Decreases over state levy, \$2,239.43

Largest county levy, Wyandotte, \$2,239.43

Smallest county levy, Grant, \$2,239.43

Two counties—Morton and Grant—have not yet reported the levies made by the county commissioners, and when their reports are received the total amount levied by all counties will be increased by about \$2,000.

The increases in the levies are due to counties trying to pay back taxes, while the decreases are due mostly to the fact that a number of counties have balance of state taxes in their treasuries. In some counties, however, an attempt has been made to charge the state up for compromised taxes, and levy, a smaller amount than assessed by the State Board of Equalization. This will not be permitted and Auditor Cole will insist on the full amount being levied.

W. L. Yancy, Palmyra, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in southern Kentucky treated me without success. I was induced to try FOLEY'S KIDNEY CURE. The first bottle gave me immediate relief and three bottles cured me permanently. I gladly recommend this wonderful remedy." Take no substitutes. C. G. Gehring, 49 E. Douglas; Geo. Van Warden, 23 N. Main; Wichita Drug Co., 11 E. Douglas.

HE "TOUCHED OFF" WELL

Ottawa Man Finds Oil Well Like Old Gun.

Ottawa, Kan., Jan. 8.—Last night B. A. Hamilton "touched off" the well which he abandoned as a well without oil, and with sensational developments in the way of a discharge of mud, water and pebbles.

Mr. Hamilton was struck in the face by the charge and was painfully injured. He reached town with his face blackened and out in many places by the force of the pebbles which were thrown out from the well. His eyebrows were burned away.

Mr. Hamilton, it seems, has previously "touched off" the well without any such results as was recorded yesterday. The fact that the water has been forced out of the well, and that the pebbles are coming out, is responsible for yesterday's explosion. Mr. Hamilton dropped a match down the well and instantly there was a roar. He dodged aside but not in time to escape the force of the explosion. Mr. Hamilton hurried to town as rapidly as possible and went directly to the office of Dr. Taylor, where the injuries were attended to. This morning he is confined to his home with severe swollen entirely shut. It is not believed that the injuries will result seriously.

All World Over

NEWS IN NUT SHELL

FROM EVERY NOOK OF THE EARTH

New York, Jan. 8.—It is announced that Miss Helen Miller Gould will start tomorrow (Thursday) on a six weeks' pleasure trip through the west and southwest.

Waco, Texas, Jan. 8.—W. A. Lanning, conducting business as a merchant at Mart, Texas, has been arrested on a charge of larceny.

New York, Jan. 8.—President Roosevelt was elected an honorary member of the Friendly Sons of St. Patrick, at the quarterly meeting of the society just held.

Newton, Iowa, Jan. 8.—The jury in the case of Chester Taylor, colored, charged with the murder of Dr. Falter, three months ago, brought in a verdict of murder in the first degree and fixing the sentence at imprisonment for life.

Laurel, Ind., Jan. 8.—While an extra freight, west bound was making the siding at this place today and had nearly cleared the main track, the east bound limited, No. 2, running 50 miles an hour, crashed into it. No one was killed.

St. Petersburg, Jan. 8.—The fight at New Orleans between sailors belonging to the United States gunboat Vicksburg and Russian soldiers are regarded here as unimportant.

Dubuque, Iowa, Jan. 8.—The Rev. Frank Williams, pastor of St. John's Episcopal church, the past two years, was today consecrated bishop of Olympia.

Managua, N. C., Jan. 8.—(Via Galveston).—The presidential election vote counted today in the presence of the Nicaraguan congress, Gen. Santos J. Zelaya was declared re-elected unanimously for a term of four years.

Washington, Jan. 8.—Mr. Rawlins of Utah, presented a resolution directing the committee on Indian Affairs to investigate the reports that efforts are being made to lease the Uintah Indian lands in Utah.

Salt Lake, Utah, Jan. 8.—Freight train No. 15, on the Rio Grande Western road, and a work train collided near Ray station, ten miles south of Ogden, in the thick fog this morning. Fireman Frank C. Hall of Salt Lake was instantly killed.

Washington, Jan. 8.—Miss Julia Foraker, youngest daughter of Senator and Mrs. Foraker, was married at her parents' residence here today to Mr. Francis King Walnwright of Philadelphia.

San Francisco, Jan. 8.—Mayor Phelan, retired and Mayor-Elect Schmitt, assumed office today.

St. Louis, Jan. 8.—President Jones of the National Stock Yards bank, of East St. Louis, that was robbed yesterday, stated that no clue to the robbery had been discovered.

Jefferson City, Mo., Jan. 8.—A charter was issued today by the secretary of state to the St. Louis, Memphis and Southern Railroad company of St. Louis with a capital stock of \$1,000,000.

Chicago, Jan. 8.—Owing to the absence of necessary witnesses the inquiry of the interstate commerce commission into the workings of the "community of interests" plan of the railroads, was today postponed till January 24, and the commission itself adjourned to meet in Chicago at that date.

Capetown, Jan. 8.—The latest capture by the Kimberly column is a Boer laager near Mookanab (Phokanab) with great numbers of cattle gathered wholly by women under the leadership of the wife of Commandant De Boers. One hundred and fifty women were acting as cowboys and only six men were connected with the camp.

IF BANNER SALVE

doesn't cure your skin, your money will be refunded. It is the most healing medicine. C. Gehring, 49 E. Douglas; Geo. Van Warden, 23 N. Main; Wichita Drug Co., 11 E. Douglas.

TO BUILD TABERNACLE

Newton People Are So Enthusiastic Over Revival Meetings.

Newton, Kan., Jan. 8.—Such remarkable interest is being taken in the revival which began here last Sunday that the promoters have decided to erect a tabernacle with a seating capacity of three thousand people. Work on the structure began this morning, and it is hoped that by Saturday night the building will be completed. The tabernacle, where the meetings have been held, which is capable of seating two thousand persons, is inadequate to accommodate the large crowds which nightly compromise there to listen to Evangelist Williams and Alexander. The tabernacle is a long, narrow building, built of lumber, and is being erected on a lot owned by the promoters. A thousand persons went away from the meeting Sunday evening being unable to get in the building and last night an immense throng packed the tabernacle long before the services began.

CASTORIA.

State Board of Registration is Having Some Mean Trouble.

Topeka, Kan., Jan. 8.—Dr. H. W. Ruby, secretary of the State Board of Medical Registration and Examination, says that up to date the board has issued licenses to 2,367 physicians in the state, thirty about half a dozen have refused fully to comply with the registration law, and proceedings will be brought against them. It is up to the county attorneys to prosecute delinquents. County attorneys have been notified of the who states they do not intend to comply with the law. The ones who refuse to obey the law are those who either have no diploma, or whose knowledge of the medical profession is so meagre that they state not to attend the necessary examination. The penalty for the violation of the law is a fine of from \$5 to \$50, and this can be levied on the physician. Some of the action taken in the capacity of a practicing physician, that those who had been practicing for years could continue to do so without examination, provided that their diplomas were regular. Twenty-five were ruled out because their diplomas were worthless or expired. Some of the action taken yesterday was to grant licenses to those who had been granted by some of the medical fraternities as "diploma mills."

In addition to 127 mentioned above, 29

SURPRISING RESULTS.

A Simple Internal Remedy Makes Remarkable Cures of Catarrh.

People who have used sprays, inhalers, salves and washes for catarrh and have found how useless and inconvenient they are, will be agreeably surprised at results following the use of a pleasant, internal remedy in tablet form: druggists everywhere admit that Stuart's Catarrh Tablets, which they sell at 50 cents for full sized treatment, is the safest, most effective and popular of all catarrh remedies.

Nearly all cheap cough mixtures and throat lozenges contain opiates; these cheap medicines give a temporary relief, especially with little children, by destroying nerve sensation; the irritation in the throat, which causes coughing is temporarily removed, not by removing the cause, but by deadening the nerves of feeling the irritation is not felt although it is still there and will promptly return. Stuart's Catarrh Tablets is the best remedy to remove catarrhal secretion, whether in the nose, throat or stomach, because they are composed of wholesome antiseptic like red gum, blood root, etc.; when you use these tablets you know what you are putting into your system and not taking chances with cocaine, opiates, or similar poisons found in so many catarrh cures and cough medicines.

Dr. Ramsdell in commenting on catarrh cures, says: "I can heartily recommend Stuart's Catarrh Tablets, because they contain no cocaine nor other dangerous drug found in so many advertised catarrh cures. I have known of many cases of long standing catarrh of the head and throat completely cured by the daily use of these tablets for several weeks. One case in particular, which I could not reach with an inhaler or spray and where the catarrh caused daily headaches and a noticeable loss of hearing, was entirely cured by this harmless but effective remedy."

Dr. Walnwright says: "I never hesitate to prescribe Stuart's Catarrh Tablets for catarrhal headaches and catarrhal deafness because I know them to be perfectly safe for child or adult and have seen many remarkable cures resulting from their regular daily use; because they are advertised and sold in drug stores is no reason why any good physician should not use them because we should seize upon the means of cure wherever found."

Stuart's Catarrh Tablets are especially valuable for catarrhal colds in children because they are pleasant to the taste and may be used freely to break up severe colds and croup at the very beginning.

All druggists sell the remedy at fifty cents for full sized package.

A little book on causes and cure of catarrh mailed free by addressing the F. A. Stuart Co., Marshall, Mich.

Only the blides will be saved from those deceived.

Calamity never comes singly, it is said, and a neighbor, R. F. Case, proposes to use Mr. Weeks as a result of the drowning of the stock. Mr. Weeks' assistant started for town with a pair of mules to secure help, and he had gone only a short distance when the team ran away. The overtook one of Case's horses, injuring him so that the horse had to be killed. There is little sympathy expressed for Weeks, for he has not given his dumb brutes the care they should have had.

THIN AND THICK

Good Food Will Do Wonders.

A test was made to see how much a thin person could gain by using Grape-Nuts Breakfast Food. A lady in Warren, O., says: "Some months ago I was so thin and poorly nourished I thought I should have some Grape-Nuts. I would have on me, so I began taking the food regularly for breakfast and began to greatly improve at once."

"I kept track of my weight and found I gained nearly ten pounds in about six weeks, and I have never felt better in my life. Have to move now, and you may depend I think the food a great success."

"My son noticed he could memorize more readily since he began using Grape-Nuts. Please don't publish my name." (Name can be given by Postum Co., Battle Creek, Mich.)

The system will build out the body to normal size and weight. If the stomach can digest the food properly, so when Grape-Nuts food is taken, being really digested, it quickly goes into the blood and makes not only tissue and muscle, but particularly nourishes and builds the brain and nerve centers. This comes from the delicate particles of phosphate of potash which is from certain parts of the food grains and is incorporated in the food. Its use will prove the truth of the statement.

DECREASE IN DEPOSITS

Statement on Banks of State Shows Falling Off

SINCE LAST SEPTEMBER

Albaugh Gives Condition of Banks Up Till Dec. 10.

Topeka, Kan., Jan. 8.—Morton Albaugh, State Bank Commissioner, yesterday issued a statement showing the condition of the state and private banks in Kansas at the close of business on December 10. The prediction made by him some months ago that the deposits had reached the high water mark in September and that there would be a gradual falling off until next summer has been verified. This decrease, Mr. Albaugh says, is caused by the farmers drawing out their money to buy feed and carrying on the business of their farms. Speaking about the matter yesterday, he said it was his opinion that the total bank deposits in the state would show a decrease of over ten million dollars next summer as compared with the records established last September.

The reports compiled by Mr. Albaugh show that the deposits in the state and private banks of Kansas on December 10 aggregated \$40,614,365.67, while on September 10, they were \$43,999,051.51.

The loans and discounts on December 10, were \$23,333,363.51, while on September 10, they were \$23,935,493.73.

The cash and sight exchange on December 10, was \$18,253,832.22, while on September 10, it was \$22,935,493.73.

This shows a decrease in deposits between the two reports of \$3,384,685.84 and an increase in loans and discounts of \$1,607,938.19 and a decrease in cash and sight exchange of \$4,681,661.51.

On September 10, there were 42 state and private banks reporting to the department and on December 10, there were 47. Since September 10, three private banks have been incorporated. They are: The Exchange Bank of Barnes, Barnes; Commercial Bank, Kiowa; and the Muscatine Exchange Bank, Muscatine.

Frank Treadwell, Bennett, La., was troubled with kidney disease for two years. He writes: "I had taken several kinds of kidney remedies, but with little benefit. Finally I tried FOLEY'S KIDNEY CURE and a one dollar bottle cured me." C. Gehring, 49 E. Douglas; Geo. Van Warden, 23 N. Main; Wichita Drug Co., 11 E. Douglas.

FARMERS HOLDING ONTO WHEAT

Grain Is Not Being Shipped But Used for Feed.

Abilene, Kan., Jan. 8.—One of the curious features of the wheat situation in central Kansas is the large amount of wheat held back from shipment. Railroad statistics show that not half as much wheat has been shipped as at this date a year ago and that with an increased yield and far more marketable grain.

The indications are that farmers will feed more wheat than was expected at the opening of the winter season. As they understand the situation better, they are using the wheat as feed for their own stock and for sale to other farmers.

It is probable that a considerable number of cattle will thus be fattened and will go to market later in as good condition as though they were on the usual feed. Wheat bringing 70 cents, but it is not coming to market more rapidly than when ten cents lower.

A Prominent Chicago Woman Speaks.

Prof. Rosa Tyler, of Chicago, vice-president Illinois Women's Alliance, in speaking of Chamberlain's Cough Remedy, said: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill and time and suffering, and will never be without this wonderful medicine again." For sale by druggists.

CROSS BILL FILED

Government Makes Move in William Martindale Case.

Topeka, Kan., Jan. 8.—Special counsel for the government has filed a cross bill in the case recently instituted by Wm. Martindale against Calvin Hood and others to recover \$100,000 which is alleged to be due on the real estate of Martindale's property, which he turned over to the trustees for the benefit of his creditors following the failure of the Cross bank of Emporia, of which he was the vice-president. The government supported Martindale's allegations as to the sale of the property below its value and seeks to recover the property for its value.

CASTORIA.

Jessie Morrison Case

Hearing in Supreme Court is Continued to February Term.

Topeka, Kan., Jan. 8.—The Jessie Morrison case, which came up for hearing in the supreme court yesterday, was continued until the February term of court. County Attorney W. M. Howe and E. N. Smith, associated counsel, filed a motion to dismiss the appeal in the case on the grounds that the attorneys for the defense failed to file their brief within the required time. Judge A. L. Fadden, attorney for Jessie Morrison, claimed that the briefs had been prepared but had been delayed by the printer. This explanation was accepted by the court and the case was continued, the motion to dismiss being overruled.

LEAPED DOWN BANK

Kansas Cattle Driven by Thirst Plunge to Their Death.

Wamego, Kan., Jan. 8.—Rudolph Weeks, a farmer, said a hundred head of hogs, lost nearly half a hundred cattle yesterday by plunging into the river. The animals, driven by thirst, were unable to drink for days. The cattle were kept in a corral near the house and yesterday they became mad with thirst and attempted through the fence for the Kansas river, about half a mile away. They were near the high bank into the ice-cold water. Forty-two dead ones have been taken out and more

Suffered 20 Years.

Cured of Piles.

A. L. Huring, Alma, W. Va., writes: "I suffered frightfully for twenty years from hemorrhoids, blind and bleeding piles. I tried many remedies without relief, the first application of Pyramid Pile Cure gave me blessed relief and part of a 50 cent box cured me completely." For sale by all druggists. Little book, "Piles, Causes and Cures," mailed free. Pyramid Drug Co., Marshall, Mich.

are still believed to be under the ice, were excluded because they made application to get on the registered list too late. The law provided that those coming under the "seven year clause" should be on the books by July 22 of last year.

Dr. Roby says there is no feature of the law which many who are registered are not yet familiar. It is a provision to the effect that after a man has received his license from the board he is not legally qualified to practice until the license has been registered with the clerk of the county in which the physician resides. Many physicians have neglected to do this, and the board is endeavoring to get matters straightened out by sending the following notice to those who still have this step to take before they have complied with the law in its entirety:

"Dear Doctor: If you have not already done so, you are hereby warned to have your license from this board recorded promptly with the county clerk. Until this is done you have no right to practice or to collect any fees, and each day it remains unrecorded lays you liable to a fine of \$20 to \$200."

Chapped hands, cracked lips and roughness of the skin cured quickly by RAN-NER BALM, the most healing ointment in the world. C. Gehring, 49 E. Douglas; Geo. Van Warden, 23 N. Main; Wichita Drug Co., 11 E. Douglas.

FOR OLD SOLDIERS

Leavenworth County May Send Extra Republican Delegation.

Topeka, Kan., Jan. 8.—D. R. Anthony, Jr., who is a member of the Republican central committee, says:

"When the state committee meets in Topeka on January 25th, I am going to ask that in making the apportionment of delegates for the next state convention, that Leavenworth county be given an increased representation so that we can send a delegation of old soldiers from the National Home. There are 200 Republican votes there."

"These men have not yet had a chance to vote in a state or national election, but it would be an act of courtesy for the Republicans to recognize them in the next convention. It would also be a means of encouraging the motto take an interest in politics and make their vote more solidly Republican than ever."

"It strikes me that this would also be a good idea for the First district convention. I am going to propose that the committee to adopt at its next meeting."

The Mother's Favorite.

Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as conveniently to a babe as to an adult. For sale by druggists.

MURDER MAY BE PROVEN

Attorney Charges That Young Bish Didn't Suicide.

Fort Scott, Kan., Jan. 8.—There was unusual development today in the case of Mrs. Martha Bish against the Modern Woodmen lodge, an action to recover \$100 for the death of the plaintiff's son, who is supposed to have committed suicide two years ago, and who was insured in the lodge. J. I. Shepard, the plaintiff's attorney, has a number of witnesses and will attempt to prove that young Bish was murdered.

When he shot himself in the head he was with Clara Stahlbrock, his promised wife. She was the only witness to the tragedy. At the coroner's inquest she swore that he played a revolver to his head and fired twice, and she gave the same testimony at the trial today. The inquest returned a verdict of suicide.

Mr. Shepard claims to have some additional testimony of an unusual startling nature, which will show that Bish was murdered.

Ottawa Police Judge Fined.

Ottawa, Kan., Jan. 8.—Police Judge George R. Child was fined today by District Judge Charles A. Smart for failing to come into court when subpoenaed as a witness. A number of witnesses had been subpoenaed to testify in a criminal case in the district court. When the hour for trial came not a witness was present. Judge Smart ordered the sheriff to bring the witnesses in. He did so with an attachment. Among them were Police Judge Child and Marshal Dennis.

All had excuses except the police judge, who was fined the cost of the attachment. He has not yet paid the fine.

CONSUMPTION

is almost as deadly as ever, although physicians know they can cure it generally, beginning when most of the lungs are still sound, and even sometimes when a great deal of damage is done.

The people don't know it yet. They have been told; they don't believe it; they don't act on it.

Scott's emulsion of cod-liver oil is one of the principal means of cure.

There are other helps; dry air, sunshine, country, sleep, regular habits, right clothing.

OFFICIAL

(Published January 9, 1922.)

COUNCIL PROCEEDINGS.

Wichita, Kansas, December 15, 1921. Council met in regular session, Mayor McLean in the chair, all councilmen present.

Minutes of last regular and adjourned meeting read and approved.

Rolling moved that no more tax commission be allowed. Motion carried.

Rolling moved that the mayor appoint someone to check the statement of the fiscal agency with the treasurer's books. Motion carried.

Schell moved that the mayor and fire and water committee proceed to condemn the old building at the corner of Emporia and Twelfth street; also the old mill property at the corner of Douglas and Fifth avenues. Motion carried.

A communication from Watson's Mill and Elevator company in regard to extending water mains so as to provide protection in case of fire, was read. On motion of Davidson it was ordered to extend the main as per request and that the city take two hydrants on file.

Below, of the public building committee, reported the city hall in very bad condition.

Rolling moved that the committee get estimates on repairs necessary. Motion carried.

Van Dusen moved that the city clerk notify the Santa Fe to repair crossing on First street. Motion carried.

McKee moved that the street commissioner grade approaches to railroad on Milwood avenue; also crossing on Second street and Wabash avenue. Motion carried.

Davidson moved that the city clerk give certificate of error in tract No. 1 and 2, corner of Fifth and Ninth street. Motion carried.

A communication from Newton in regard to the services rendered by the fire department, was read and communication placed on file and city clerk instructed to acknowledge receipt of same.

Reports of the following city officers were read: City treasurer, quarterly report; fire street roller; report of West Douglas scales; report of the secretary of the board of health. On motion same were received and placed on file.

The report of the committee appointed to condemn land necessary for the opening of Stover avenue, Myrtle avenue and Ninth street, was read and adopted.

Davidson moved that the sum appropriated for the damages be added to the appropriation ordinance. Motion carried.

The committee appointed on the opening of Ellis avenue made report designating benefit district, which was accepted.
